Lesson 50
The 7th Judgement, The 7th Plague:
Hail Upon Man and Beast

Exodus 9: 13-35; Psalm 78: 7,12,43,47-48; Psalm 105: 1,5,26-27, 32-33.

1. **(Recite)-** On the 7th plague, the Lord will rain down a very grievous hail upon the land of Egypt.

2. All Egyptians that feared the word of the Lord were to bring their servants and their cattle into the houses; that the hail does not kill them.

3. **(Recite)-** As Moses stretched out his rod toward heaven, the Lord sent thunder and hail. 4. The Lord rained hail upon Egypt. Fire ran along the ground.

5. So, there was hail and fire mingled with the hail. 6. This plague was like none in the land of Egypt since Egypt was a nation.

7. **(Recite)-** The hail smote every herb of the field and brake the branches of every tree. 8. In the land of Goshen where the Children of Israel lived, there was no hail.

9. The Pharaoh sent for Moses and Aaron and said that he has sinned this time. 10. The Pharaoh said that the Lord is righteous and he and his people are wicked. 11. The Pharaoh asked Moses to intreat the Lord for the hail, the thunderings.

12. **(Recite)-** The Pharaoh had said that he will let Israel go; that they stay no longer.

13. Moses told the Pharaoh that as soon as he is out of the city, he will spread abroad his hands that the plague may cease; and that the Pharaoh may know that the earth is the Lord's. 14. Moses then told the Pharaoh that he knows that he and his servants don't fear the Lord yet.

15. **(Recite)-** As for the flax and the barley, it was smitten and destroyed. 16. The wheat and the rie which had not begun to grow yet, was not destroyed.

17. After Moses left the city, he spread abroad his hands and the thunderings and the hail ceased. 18. When the Pharaoh saw that the hail and the thunderings ceased, the Pharaoh sinned even more.

19. **(Recite)-** The Pharaoh hardened his heart and would not let the Children of Israel go.

20. These plagues were brought upon Egypt so that they may see God's power, and that the name of the Lord may be declared throughout the earth.
